Assemblyman F. G. Whitney of Oswego, a member of the Judiciary Committee objected to the bill, and as it requires the unanimous consent of the House to introduce one the Wagner Wall was ordered withdrawn.

The Judiciary Committee had declined to report out the criminal Wagner Wall street investigation resolution, although five of the intricen members were infavor of it. Men's Apparel Ready-to-Wear:

Low Prices vs. Panegyrics.

HE function of the panegyric in a othing advertising is to make one overlook high cost.

This Macy Store for Man has grown great as gyrios.

It is stocked with the best apparel of every grade that money can buybest in fabrics and fashioning-yet in no case do we count the quality of the apparel of greater import than the price we ask for it. So we must ever emphasize the prices—always dollars lower than the prices asked in other good shops for apparel of equal merit. And in so emphasizing prices we pay deserved tribule to the strictly cash system which gives us absolute underselling supremator in departments throughout the store.
